

BHUBANESWAR MODEL PUBLIC SCHOOL

DETAILS OF CURRICULUM

Bhubaneswar Model Public school follows the NCERT curriculum from Bal Vatika – 1 to class 12 as proposed by CBSE.

From Bal Vatika -1 to class 5 a unique pedagogy called E-DAC which is activity-based, learner centered and based on NCERT curriculum. Committed to providing individual attention to each child, the School follows the EDAC – Learning System as well as the concept of the flipped classroom. Going beyond the commonly practiced rote learning curriculum, the EDAC – Learning System approach helps the learner to internalize knowledge and enhances both logical and creative thinking. And, the activities traditionally completed in class are now completed on students' own time before class, reducing stress in both our children as well as our parents who are able to spend quality time with their wards instead of fretting over incomplete H.W.

From class 6 to 12 the school follows NCERT curriculum and books in all subjects. For languages where NCERT books are not available, the school follows publication which are on NCERT curriculum. For regional language such as Odia which is offered, the school follows State Govt. books as per CBSE curriculum. For foreign languages such as French books as per CBSE norms are followed. So far as extra-curricular and Co-curricular activities are concerned the CBSE prescribed curriculum is followed by the school.
